

Prowhip by Rich's topping dispenser **Model Numbers: IW1000-RK, IW10000-RG, and RPCPWP2A and RPCPWP2B**, are protected by one or more patents and/or pending patent applications in the U.S. and other jurisdictions. This list is posted on the Internet to satisfy the virtual patent marking provisions of various jurisdictions, including the virtual patent marking provisions of the America Invents Act, and provides notice to the public in compliance with 35 U.S.C. § 287.

This website is subject to periodic maintenance and may not be available at the time of your visit. Due to the dynamic nature of the patent process and product lifecycles, this list may not be up to date at the specific time you visit this web page. For example, patent applications may be pending or published and patents may have issued which are not yet identified on this list. This list might not be all inclusive and other products not listed here may be associated with one or more patents or pending patent applications in the United States or other jurisdictions. The absence of any patent or product from this list does not preclude enforcement of any and all legal rights associated with the patent or product.
